

# Storyboard – Handwashing Protocol for Clinical Nurses

| Slide / Screen         | Visual / On-Screen Elements                                     | Content Type                     | Interaction                                                                                                                                                                       |
|------------------------|-----------------------------------------------------------------|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Opening Frame       | Stopwatch + title<br>Button to proceed                          | Title                            | Read<br>Next button                                                                                                                                                               |
| 2. Objective/Overview  | Stopwatch + text box                                            | Explanation of module            | Read<br>Prev/Next button                                                                                                                                                          |
| 3. Process disclaimer  | Stopwatch + textbox                                             | Disclaimer information           | Read<br>Prev/Next button                                                                                                                                                          |
| 4. Navigation          | Stopwatch with outlined numbers<br>Textbox – Navigation details | Navigation details of the module | Read<br>Select steps in order<br>Select the icon to reveal the answer to a thought question<br>Repeat for all steps.                                                              |
| 5. Recap               | Stopwatch + textbox                                             | Step-by-step recap               | Read<br>Prev/Next button                                                                                                                                                          |
| 6. Practice Activity   | Stopwatch with prompts (no numbers) + textbox                   | Instructions                     | Activation buttons for the time clock – Start, Stop, Resume<br>Practice handwashing motions while following visual cues<br>On stopwatch completion, auto-advance to the next side |
| 7. Practice Completion | Stopwatch + textbox                                             | Reflection Prompts               | Read<br>Buttons – Practice Again, I did good.                                                                                                                                     |
| 8. Closing Frame       | Stopwatch + textbox                                             | Summary of module                | Read<br>Exit button                                                                                                                                                               |
